Mövenpick Hotel Istanbul voted Turkey's leading business hotel

Tuesday, October 16, 2007

ISTANBUL - Turkish Daily News

The prestigious World Travel Award was presented to the Mövenpick Hotel Istanbul in Newcastle on Oct. 9, 2007.

It is one of the most sought after awards of its kind in the travel and hospitality industry. More than 160,000 travel experts from around the world voted the Swiss international hotel group's flagship hotel in Istanbul as Turkey's leading business hotel.

"This award is a great honor for us, and for the team as a whole it is an acknowledgement of their constant strive for excellence to continually improve and respond to our discerning business travelers' wishes," said Frank Reichenbach, General Manager of Mövenpick Hotel Istanbul and Regional Manager for Turkey. "And of course the World Travel Awards is also an incentive and motivation for all of us to keep on providing up-to-date business services at the highest levels. Our new Mövenpick Resort Bodrum and Mövenpick Hotel İzmir will follow our example," he added.

The Mövenpick Hotel Istanbul, which is ideally located in Istanbul's 4th Levent business district, offers guests first-class service. The 249 rooms and suites with their contemporary design are totally adapted to the needs of business travelers: Extra-large desks, Internet access and spacious safes with plenty of space for laptops provide a modern working environment on a floor area of at least 35 square meters, which is also ideal for relaxing and unwinding. The boutique business hotel can also meet every wish with regard to conferences, conventions and banquets, with multifunctional premises and state-of-the-art technical facilities.

Guests can relax at the hotel's own Health Club that has a fitness center, sauna, whirlpool, indoor pool and massage facilities. Culinary excellence is served at the Restaurant AzzuR, which has become a trendsetter in the vibrant metropolis of Istanbul and has already received a number of awards for its modern Turkish cuisine, using local ingredients, techniques and combinations in a creative and contemporary manner. Snacks and drinks are available at the BarAdoX and the ever popular Skyline Lounge.
