## DAY 1 - ARUSHA

### LAKE MANYARA NATIONAL PARK

#### **Flight from Zanzibar to Arusha 11 am arrive 12.30 pm**

Our staff will meet you and together we will have short briefing to finalize details and answer any additional questions regarding your upcoming safari.

We will drive for about two hours, passing through the agricultural and fresh produce market town of Mto Wa Mbu, situated next to the entrance of the Lake Manyara National Park. The town is a souvenir hunters paradise.

We will enter Lake Manyara National Park, a photographers paradise for game viewing. Expect to see a park teeming with wildlife including the famous tree climbing lions resting in acacia trees. From your vehicles, you will have a marvelous view of the Great Rift Valley escarpment, sparkling in the sun.

#### **Dinner and overnight: Serena Lake Manyara**

## DAY 2 - LAKE MANYARA

### SERENGETI NATIONAL PARK

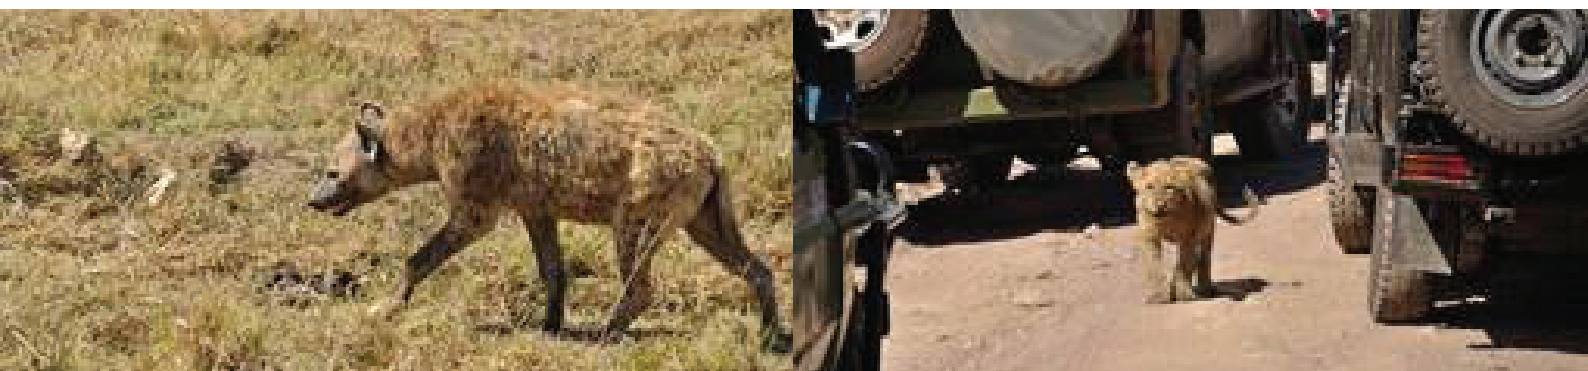

After breakfast, we will start our drive past the unique and gorgeous Ngorongoro Conservation Area via the famous Oldupai Gorge also known as "The Cradle of Mankind" to the Serengeti National Park.

The gorge lies on the same spot where once lay an ancient lake, which was covered by thick layers of volcanic ash, which carefully preserved the world's earliest records of mankind. This extremely important prehistoric site was discovered by Louis and Mary Leakey and the exhibitions from different periods in its history are on display in the Oldupai Gorge Museum, located on the gorge's rim.

Our visit will also include the famous Maasai bomas, where you will be able to meet the Maasai people and get to know their culture and habits.

Upon entering the Serengeti National Park for your game drive, the most intriguing and yet amazing African landscape rolls before your eyes. Here you will experience African wildlife in all its glory.

#### **Dinner and overnight Serena Serengeti**

## DAY 3 - SERENGETI

### NGORONGORO

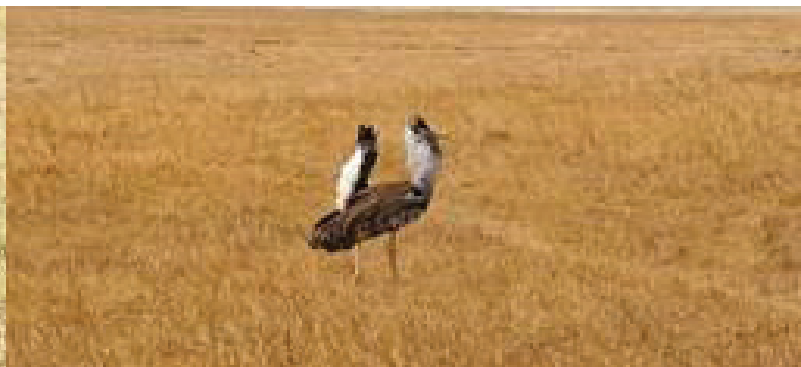

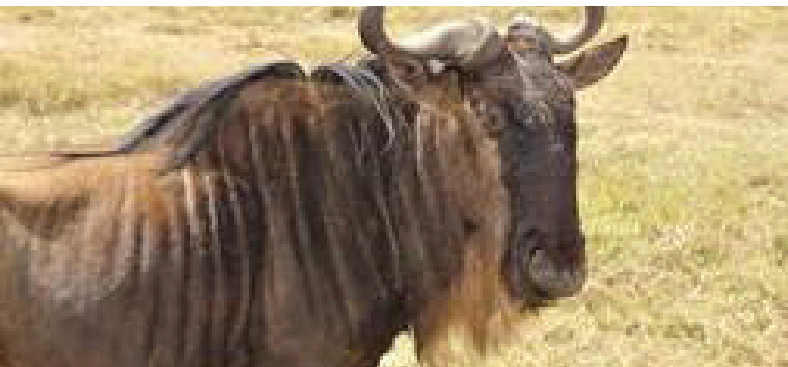

After breakfast, we will start with a morning game drive and then head towards Ngorongoro Conservation Area.

The highlight of the expedition will be a game drive in the Serengeti. As far as the eye can see, thousands upon thousands of animals in herds, wildebeests and zebras migrating together, tall and graceful giraffes, jumping antelopes and gazelles, the powerful African elephant and the most respected group of animals: the predators. You will be able to spot lean cheetahs and shy leopards, foraging hyenas, and last but not least, the king himself; the lion.

After picnic lunch, we will proceed to Ngorongoro crater for a full-day game drive, the crater is one of the 8th natural wonders of the world.

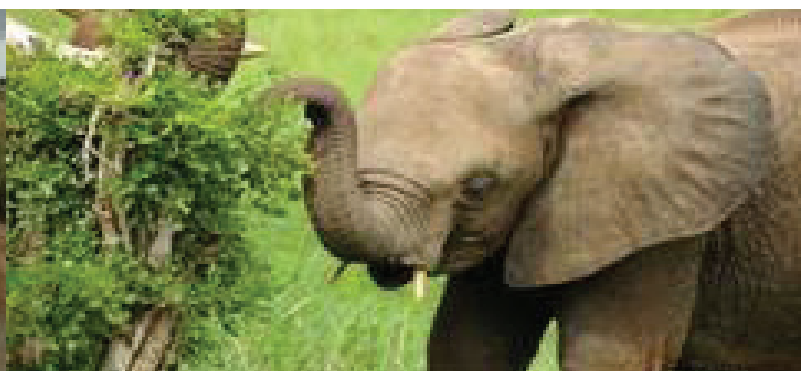

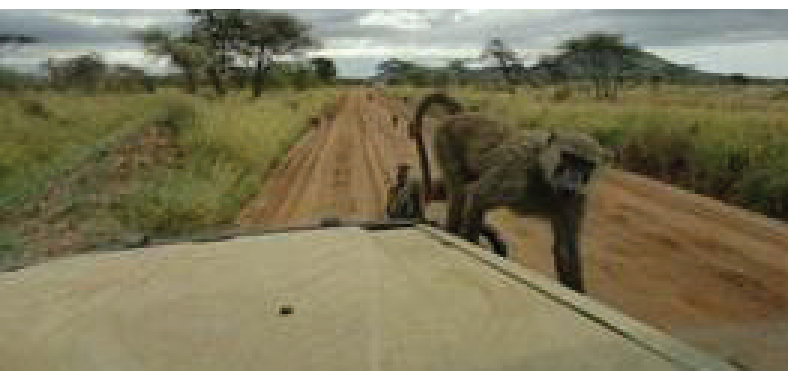

From the comfort of your open-top vehicle, descending down into the crater, you will enjoy amazing panoramic view and if you are lucky, you will see the Big five. The caldera exhibits more than 120 species of mammals. We will also visit saline lakes such as Lake Magadi, which is a magnet for flamingos and other water birds. We will also see pools full of hippos, the endangered East African black rhino as well as birds such as the secretary bird, the white stork arriving from Europe during the wet season and kori bustards, crowned cranes and ostriches. It is for sure a landscape of sheer beauty. Another big drawing card to this picturesque park is its dense population of predators, which include lions, hyenas, jackals, cheetahs and the ever-elusive leopard, which can require the trained eye of your guide to spot.

**Dinner and overnight on the rim of the Ngorongoro Crater: Serena Ngorongoro**
